Section 4: Method and Criteria for Distributing Arizona's DWRF

Section 5: Public Review and Comment

Section 6: Assurances

EXECUTIVE SUMMARY

The Water Infrastructure Finance Authority of Arizona (WIFA) Board of Directors is pleased to release **Arizona's Drinking Water Revolving Fund (DWRF) Intended Use Plan (IUP) for the 2007 funding cycle**. The DWRF IUP describes WIFA's plan to utilize various sources of funds to finance drinking water infrastructure and support related program activities during the 2007 funding cycle from January 1, 2007 through December 31, 2007.

Included as *Exhibit A* of the DWRF IUP is the **2007 Funding Cycle Priority List (PL)**. The PL shows communities and water systems seeking financial assistance from Arizona's DWRF. At the release of this report, communities and water systems throughout Arizona submitted **46 applications requesting \$189,896,109 in financial assistance**.

From January 1, 2007 through December 31, 2007, the WIFA Board of Directors will use the PL as a guide to allocate financial assistance from Arizona's DWRF to communities and water systems listed on the PL. Each board meeting, the WIFA Board of Directors may revise the PL and modify the fundable range for construction based on project readiness to proceed and other new information. WIFA staff will post the revised PL on the WIFA Web site (www.azwifa.gov).

Overall, the financial assistance and related program activities supported by Arizona's DWRF share the same objectives: **protect public health, ensure safe and sustainable drinking water, and guarantee the affordability of basic water infrastructure**. Arizona's DWRF also support the national program goal of Clean and Safe Water and the national program objective to protect public health and assist water systems in providing water safe to drink (EPA IFMS PRC: 201B81E).

SECTION 1: LENDING CAPACITY

During the 2007 funding cycle, Arizona's DWRF lending capacity will depend on the:

1. Amount of state contributions to Arizona's DWRF;
2. Amount of federal contributions to Arizona's DWRF;
3. Financing structure needs of water systems;
4. Interest rate on the DWRF financial assistance; and,
5. Availability of other state funds to support financial assistance activity.
6. Amount of leveraged bond capacity.
7. Leveraging capacity of fund.

Arizona's DWRF supports the national program objective to protect public health and assist water systems in providing water safe to drink (EPA IFMS PRC: 201B81E).

SECTION 2: FUNDING SOURCES AND USES

Arizona's DWRF is capitalized by state contributions and by contributions appropriated by the United States Congress. Once capitalized, Arizona's DWRF provides, in perpetuity, financial assistance to drinking water systems throughout Arizona.

Through active portfolio and financial management, WIFA's lending capacity could be increased during the funding cycle by leveraging the revolving fund and by issuing water quality bonds.

During the 2007 funding cycle, Arizona's DWRF will rely on the funding outlined in Table 1 to provide financial assistance to communities, support WIFA's operations, and support related program activities administered by WIFA and/or the Arizona Department of Environmental Quality (ADEQ). Each of the intended uses of funding is more fully described on the next page.

Table 1: Arizona DWRF Sources & Uses for 2007 Funding Cycle						
	Federal Contributions	State Contributions*	WIFA Revenue	WIFA** Loan Accounts	Total	
Funding Sources						
Financial Assistance Funds		\$ 5,974,750	\$ 477,000	\$ 63,000,000	\$	69,451,750
2007 Federal Funds	\$ 23,358,750			\$ -	\$	23,358,750
Total Funding Sources	\$ 23,358,750	\$ 5,974,750	\$ 477,000	\$ 63,000,000	\$	92,810,500
Funding Uses						
Financial Assistance Loans	\$ 20,096,550	\$ 4,671,750		\$ 63,000,000	\$	87,768,300
Public Water System Supervision	\$ 1,303,000	\$ 1,303,000	\$ 477,000	\$ -	\$	3,083,000
Local Assistance						
Wellhead Protection	\$ 375,000				\$	375,000
Capacity Development	\$ 150,000				\$	150,000
Technical Assistance	\$ 500,000				\$	500,000
Administration	\$ 934,200	\$ -		\$ -	\$	934,200
Total Funding Uses	\$ 23,358,750	\$ 5,974,750	\$ 477,000	\$ 63,000,000	\$	92,810,500
<p>* State match can be either WIFA bonds and/or state general fund and/or fee monies, PWSS match provided by ADEQ.</p> <p>** During the funding cycle, WIFA may sell water quality revenue bonds of which the proceeds will be used to increase WIFA's lending capacity.</p> <p>This table represents WIFA funding plan as of April 2007.</p>						

The sources and uses for the 2007 funding cycle shown in Table 1 are based on the FY 2007 federal budget and WIFA's funding plan as of April 2007. The 2007 DWRF federal budget allocation is \$837,495,000 million of which Arizona receives 2.84%.

Financial Assistance for Loans: \$87,768,300

WIFA will provide cash funded loans for financial assistance.

Public Water System Supervision (PWSS): \$1,303,000

State and Federal Statutes allows setting aside up to 10% of the Federal funds for the Public Water System Supervision (PWSS) activities. During State FY 2007, Arizona will set-aside only 5.6% (\$1,303,000) for the PWSS program. The PWSS program will also receive \$477,000 from fees and \$1,303,000 for ADEQ match. ADEQ will use this funding for the PWSS Program, which encompasses all of the various activities involved in implementing the Safe Drinking Water Act requirements in Arizona. These activities include operator certification, source water assessment and protection, development of regulatory guidance and assistance documents, assisting systems in obtaining the technical, financial, and managerial capability to comply with drinking water regulations, and technical consultations on water system and treatment system design. For more information please contact Tony Bode at (602) 771-4648.

Administration: \$934,200 – During state FY 2007, WIFA will use the funding to administer Arizona's DWRF and assist drinking water systems to conceive, develop, expedite, construct, and finance technically sound and sustainable water infrastructure.

Local Assistance: \$1,025,000

State and Federal Statutes allows setting aside 15% of the Federal funds to provide Local Assistance to water systems in Arizona. During State Fiscal Year 2007, Arizona will set aside on 4.4% (1,025,000) for local assistance.

\$375,000 will be used by ADEQ for Wellhead Protection activities to protect underground sources of drinking water. For more information contact Drinking Water Monitoring and Protection Unit: Donna Calderon, Unit Manager Phone: (602) 771-4641.

\$650,000 will be used for Technical Assistance. ADEQ (150,000) and WIFA (500,000) will share there funds to provide assistance to water systems in three (2) categories:

- Project Technical Assistance – WIFA will assist an individual drinking water or wastewater system to conceive, plan, design, and develop infrastructure.
- Operational Technical Assistance – The Arizona Department of Environmental Quality will assist individual drinking water and wastewater systems to improve day-to-day operations.

Technical Assistance Intended Use Plan – Two Fundable Ranges

There are two annual fundable ranges for technical assistance awards, referred to in Phase I and Phase II of the funding cycle. The Board shall approve a Technical Assistance Intended Use Plan (TA IUP) for the Phase I awards at the June board meeting, at which time the Board may reserve a portion of the annual Technical Assistance funding for the Phase II awards. The Board shall approve a revised TA IUP for the Phase II awards at the December board meeting. The TA IUP shall include:

- A description of the types of technical assistance the Board expects to fund.
- A summary of the sources and uses of funds by type of technical assistance.
- A Drinking Water Project Technical Assistance Priority List for Phase I and Phase II awards.
- A Wastewater Project Technical Assistance Priority List for Phase I and Phase II awards.

Technical Assistance Funding – Annual Cycle

Phase	Applications Due	TA IUP Approved	Grants Awarded
Phase I	Mid April	June Board Meeting	July I
Phase II	Mid October	December Board Meeting	January I

Please visit WIFA's Web site (www.azwifa.gov) for more information about WIFA's technical assistance programs.

SECTION 3: GOALS

WIFA adopts an annual strategic plan listing goals, ongoing objectives, and annual objectives. The goals listed below are taken directly from the WIFA 2006-2007 Strategic Plan. For additional detail on goals, ongoing objectives, and annual objectives, request a copy of the WIFA 2006-2007 Strategic Plan from WIFA's Communications Director, (602) 364-1314.

Goal 1: Award WIFA's resources in accordance with the needs of Arizona's citizens.

Goal 2: Maintain the fiscal integrity of WIFA's funds and assure continuous enhancement for future generations.

Goal 3: Facilitate access to and efficiently deliver financial and technical assistance.

Goal 4: Coordinate with other funding sources, technical resources, and regulatory authorities, and private sector legal and financial counterparts.

Goal 5: Actively pursue leadership in infrastructure finance.

Goal 6: Efficiently administer WIFA within a positive work environment.

Goal 7: Facilitate and encourage board of directors' involvement in WIFA.

SECTION 4: METHOD AND CRITERIA FOR DISTRIBUTING ARIZONA'S DWRF

Lending Capacity for 2007 Funding Cycle – If there are insufficient projects ready to proceed during the 2007 funding cycle, WIFA will apply funds to the fiscal year 2008 funding cycle project priority list. If additional funding becomes available during the fiscal year, WIFA will expand the fundable range of the 2007 funding cycle project priority list.

Each board meeting, the WIFA Board of Directors may update the DWRF PL, fundable range for design and fundable range for construction based on project readiness to proceed, refined project cost estimates, availability of other funding sources, and other new information affecting the expansion and contraction of the PL and fundable ranges. The WIFA Board of Directors will adopt the updated DWRF PL and fundable ranges at public meetings and will distribute the updates to all DWRF PL applicants and other interested parties.

Priority List, Exhibit A – On Wednesday, Oct. 25, 2006, WIFA staff convened a scoring committee including members from the Arizona Department of Environmental Quality, Arizona Small Utilities Association, Rural Community Assistance Corporation, Arizona Corporation Commission and U.S. Department of Agriculture Rural Development. The committee scored and ranked priority list applications submitted by communities pursuant to WIFA's DWRF award criteria. All eligible applications received appear on the 2007 funding cycle priority list.

Fundable Range for Design, Exhibit B – Includes the highest ranking applicants ready to receive design assistance during the funding cycle.

Fundable Range for Construction, Exhibit C – Includes the highest ranking applicants ready to receive construction assistance.

Market Loan Rate – The WIFA Board of Directors has established a target interest rate ranging between 70% and 95% of tax-exempt interest or prime rates. The WIFA Board of Directors will set interest rates/subsidies on individual loans pursuant to the:

- ✓ Priority of the project;
- ✓ Local fiscal capacity of the area served by the system requesting assistance; and,
- ✓ Lending capacity of Arizona's DWRF.

Local fiscal capacity will be measured by the area's median household income, user rates and charges, and the community's outstanding debt.

Binding Commitments – The WIFA Board of Directors will allocate financial assistance in accordance with DWRF funds available, the DWRF PL, financial assistance requested, community's financial capacity, and project readiness to proceed.

Once on the DWRF PL, an applicant will submit a project finance application to request financial assistance. WIFA staff will review the project finance application, analyze the applicant's legal, technical, managerial, and financial capability, and provide recommendations to the WIFA Board of Directors. The WIFA Board of Directors approves an applicant's financial assistance request, WIFA staff will prepare and circulate financial assistance documents to evidence the binding commitment in accordance with applicable federal requirements.

SECTION 5: PUBLIC REVIEW AND COMMENT

WIFA solicited public review and comment on the draft **2007 DWRF IUP and PL** according to the following schedule of activities:

May 10, 2007	Distribution and Web posting of the draft DWRF IUP and PL to all interested parties.
May 31, 2007	Public Hearing – 1110 West Washington, Room #130, Phoenix, Arizona 85007 at 1 p.m.
May 31, 2007	Deadline for public comments on the draft DWRF IUP and PPL, 2:00 p.m. May 31, 2007.
June 20, 2007	The WIFA Board of Directors adopts the final DWRF IUP and PPL.
June 20, 2007	Final DWRF IUP and PPL become effective. Distribution and Web posting of Final DWRF IUP and PPL.

SECTION 6: ASSURANCES

Files and Records Retention – WIFA will receive and review project documents from financial assistance applicants. These documents will be filed in official project files maintained by WIFA. The project files and other DWRF records will be made available in accordance with the Arizona public records law. It is expected that EPA will review the files on a sample basis in conjunction with on-site visits scheduled as part of WIFA's annual review or other monitoring of the state's management of DWRF funds.

WIFA will retain the official project files and other DWRF files in accordance with federal and state requirements.

Expeditious and Timely Expenditures – WIFA will expend DWRF funds in a timely and expeditious manner.

Environmental Review Requirements – In accordance with applicable federal requirements, WIFA will continue to conduct environmental reviews pursuant to applicable federal and state statutes and rules.
